

HOME CARE PACKAGES

Milang and District Community Association Inc. is excited to offer an extension of the current Community Care service into the higher level Home Care Packages being offered by My Aged Care.

There is a significant need to provide continuity of care to our older residents who have increased levels of home care. We will ensure you have support services in place to assist you to remain independent at home for as long as you wish.

We are proud of our community collaboration and following several focus groups held in Clayton Bay and Milang we can now offer the services you have told us you want.

Our trained and professional staff are committed and caring locals who are willing to go the extra mile to ensure our service is second to none.

If you require further assistance understanding the new system or how to access Home Care Packages, please telephone Fiona at MOSH on 8537 0687 to have a confidential conversation about how we can help you.

Fiona Pitcairn
Manager, Community Care

ABOUT LAKES HOME CARE

LAKES HOME CARE (incorporating Milang District Community Care) is managed by the Milang and District Community Association, Inc. to provide support services to our local residents.

The LAKES HOME CARE Program is subsidised by the Commonwealth Government.

LAKES HOME CARE employs skilled and highly trained support staff to assist with home care services to improve your lifestyle and wellbeing. For more information telephone the Program Coordinator on 8537 0687.

HOME CARE PACKAGES

MILANG & DISTRICT COMMUNITY ASSOCIATION INC.

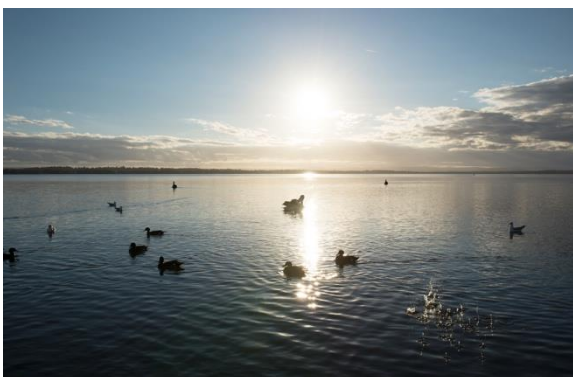

OUR AIM

We aim to increase your capacity for Independent Living in your own home. We strive to support our ageing population and their carers to remain active and valued members of our community.

The Home Care Packages program includes four levels of services which include personal care, support services, nursing, allied health and clinical services.

We provide information about our program as well as other local services and activities. We can provide referral and advocacy to other programs and organisations when necessary.

Community Care can link you into community activities and provide opportunities to learn new skills and participate in group activities and outings.

SERVICES

Home Care Packages can help you access services at home which can improve your wellbeing and help you stay independent. You may be eligible to receive home care services such as:

- Personal services
- Nutrition, hydration, meal preparation and diet
- Continence management
- Mobility and dexterity
- Nursing, allied health and therapy services
- Transport and personal assistance
- Management of skin integrity

WHO PAYS FOR SERVICES?

The Australian Government subsidises many different types of Aged Care Services. You are expected to contribute to the cost if you can.

How much you pay may depend on: your financial situation; the number and types of services you receive, and the service provider.

The Program provides a subsidy towards a package of care, services and case management to meet your personal needs. A list of service costs is available on request.

WHO IS ELIGIBLE?

Each program has broad eligibility criteria and an assessment process to determine your needs and eligibility. This process helps to ensure everyone receives the care and support they need.

Eligibility requirements may include minimum aged and a decreased ability to perform basic daily living tasks without extra help.

Lakes Home Care services are available to residents who have aged related conditions and their Carers who reside within the Fleurieu Region, including Milang, Clayton, Point Sturt, Langhorne Creek, Finnis, Belvidere, Strathalbyn, and other local areas.

Your eligibility for LAKES HOME CARE packages is determined by you calling My Aged Care on 1800 200 422 or making contact via www.myagedcare.gov.au

Our Coordinator will then receive your referral from My Aged Care and will arrange a Home Visit with you, at a mutually convenient time. The Coordinator will explain what services are available and discuss your options.
